RIS Week – Common Issues Day

Update on the European Policy Developments in connection to River Information Services, DINA & DMN

Ms Luca Farkas
European Commission, Directorate-General for Mobility and Transport
Unit B.3 Inland Waterway Transport and Ports
luca.farkas@ec.europa.eu

Prague, 15 June 2016

Innovation
and Networks
Executive Agency

Content of the presentation

- Digital Inland Waterway Area (DINA)

- RIS standards / RIS Directive

- European Hull Database (EHDB) & European Reference Data Management System (ERDMS)

- EU funding: RIS Call within CEF

Innovation
and Networks
Executive Agency

Digital Inland Waterway Area – DINA & DMN (1/2)

- Digital space for inland waterway transport, supporting new digital-driven innovations for IWT
- More efficient fleet management and navigation for barge operators
- Improved management and use of waterway infrastructure (traffic, lock operations)
- Improved visibility for users of inland waterway transport and intermodal hubs, allowing for more efficient processes
- Reduced administrative burden for compliance with safety requirements (e.g. dangerous goods, statistics, certification of vessels, manning and crew qualifications).

Digital Inland Waterway Area – DINA & DMN (2/2)

- DINA taskforce established

- First taskforce meeting - April 2016

- Second taskforce meeting – June 2016

- Third taskforce meeting – Nov 2016 (indicative)

- Results – beginning of 2017

Revision of the four RIS standards Next steps (1/2)

- Further updates of the RIS standards by the Expert Groups during this week - possible

- Screening/redrafting by DG MOVE - ongoing

- Preparation for adoption process – ongoing

- Included in EC's work programme for 2016 (tbc)

Revision of the four RIS standards Next steps (2/2)

Steps:

- Preparation according to Better Regulation* approach

- Screening/redrafting in cooperation between DG MOVE & chairpersons of the four RIS key technologies

- External consultation

- Internal consultation of services within the EC

- Translation

- Launching the adoption

* COM(2015) 215 final

Innovation
and Networks
Executive Agency

RIS Directive

- Initiative on electronic tools for IWT
- DINA & DMN
- Revision of the RIS Directive

Possibly part of a package?

- Timing: tbc

Innovation
and Networks
Executive Agency

European Hull Database (EHDB) (1/2)

- Migration to EC servers completed -> some optimization/improvement was carried out

- Data protection – compliance measures - ongoing

- Data exchange

  - With web services in AT, CZ, BG, SK

  - By means of Graphical User Interface: UK, LUX, PL, FR, NL, BE, RO, HR

  - No contribution: DE, HU

- Web services to be implemented: BE, HR, FR, HU, NL, RO

Innovation and Networks Executive Agency

European Hull Database (EHDB) (2/2)

- EHDB Steering Committee meeting 27/9/2016

- EHDB Steering Committee members formally appointed: AT, CZ, DE, FR, LT, PT, RO, SE, UK

- No response: BE, BG, HU, NL, SK, HR, ...

- Delegated act dedicated to EHDB planned to be launched in 2017

Innovation and Networks Executive Agency

European Reference Data Management System (ERDMS)

- Migration to EC servers completed

    - some optimization/improvement was carried out

    - need more info on automated quality checks

- No RIS Index entries of the following countries found in the ERDMS: BG, HR, LU, PL, UK

- ERDMS Steering Committee meeting 28/9/2016

- Opportunity to provide legal basis for RIS index through revision of RIS standards

10

EU funding / RIS Call

- Indicative budget: **EUR 20,000,000**

- Call closed: 16 Feb 2016 – **8 proposals received**

- External evaluation of proposals: **completed**

- Internal evaluation of proposals: **completed**

- July 2015: Member States will give their opinion

- Grant agreements will be **signed** in 2016

Thank you for your attention!
